## EDUCATION

---

<b>Ph.D   <i>Astronomy</i></b> Shanghai Jiao Tong University, Supervisor: Xiaohu Yang, Jiaxin Han.	Sept. 2018 – June. 2024
<b>Visiting student   <i>Astronomy</i></b> The University of Edinburgh, Advisor: Romeel Davé, Weiguang Cui	Dec. 2022 – June. 2023
<b>Bachelor   <i>Physics</i></b> Sichuan University	Sept. 2014 – June. 2018

## RESEARCH AND TECHNIQUES

---

### Galaxy clusters:

- **Intracluster medium:** Study the baryon physical profiles [1, 2]
- **Cluster dynamics:** Estimate the mass of cluster halos [3];  
Investigate the importance of dynamical features [4]
- **Group finding:** Construct group and protocluster candidate catalog [5]

**High-redshift galaxies:** Estimate the physical properties of high-redshift galaxies

**Techniques:** Machine learning (Random Forest and Convolutional Neural Network)

## TALKS AND PRESENTATIONS

---

The 2nd Shanghai Assembly on Cosmology and Structure Formation	Oct. 2023
SIMBA collaboration meeting	May. 2023
ESA/ESAC Galaxy Cluster Mass meeting	Sept. 2021
The Three Hundred collaboration meeting	July. 2021
Annual meeting of Chinese Astronomical Society	Oct. 2020
The Three Hundred collaboration meeting	July. 2020

## HONORS AND AWARDS

---

China National Scholarship for Ph.D student	2022
“Yangyang” astronomy scholarship	2022
Outstanding student award of particle physics and cosmology key laboratories	2021, 2020
Ruiyuan - Sequoia Talent Development Fund Scholarship	2021
Shanghai Jiaotong University Oppotech Scholarship	2020

## TEACHING EXPERIENCE

---

<b>University physics</b> Teaching Assistant, Department of Physics and Astronomy	Spring 2019 Shanghai Jiao Tong University
<b>Introduction of astrophysics</b> Teaching Assistant, Department of Physics and Astronomy	Spring 2020 Shanghai Jiao Tong University
<b>University physics experiment</b> Teaching Assistant, Department of Physics and Astronomy	Fall 2020 Shanghai Jiao Tong University

## PUBLICATIONS

---

### First author
